SUSTAINABLE DNA

With decades of experience in packaging design and providing top cosmetic groups over the years, at **WISTA.DTS** we believe that every product should be crafted to perfection. We are committed to environmental impact, and that's why we pay close attention to every detail in the development of our packaging.

SUSTAINABLE PACKAGING

- Portfolio with **Cyclos-HTP** recyclability certification
- Pioneers in mono-material airless systems using Polyethylene (PE)
- Custom solutions
- PE, Green PE, PP, and PCR options
- Eco-friendly decoration options

GLOBAL PRESENCE

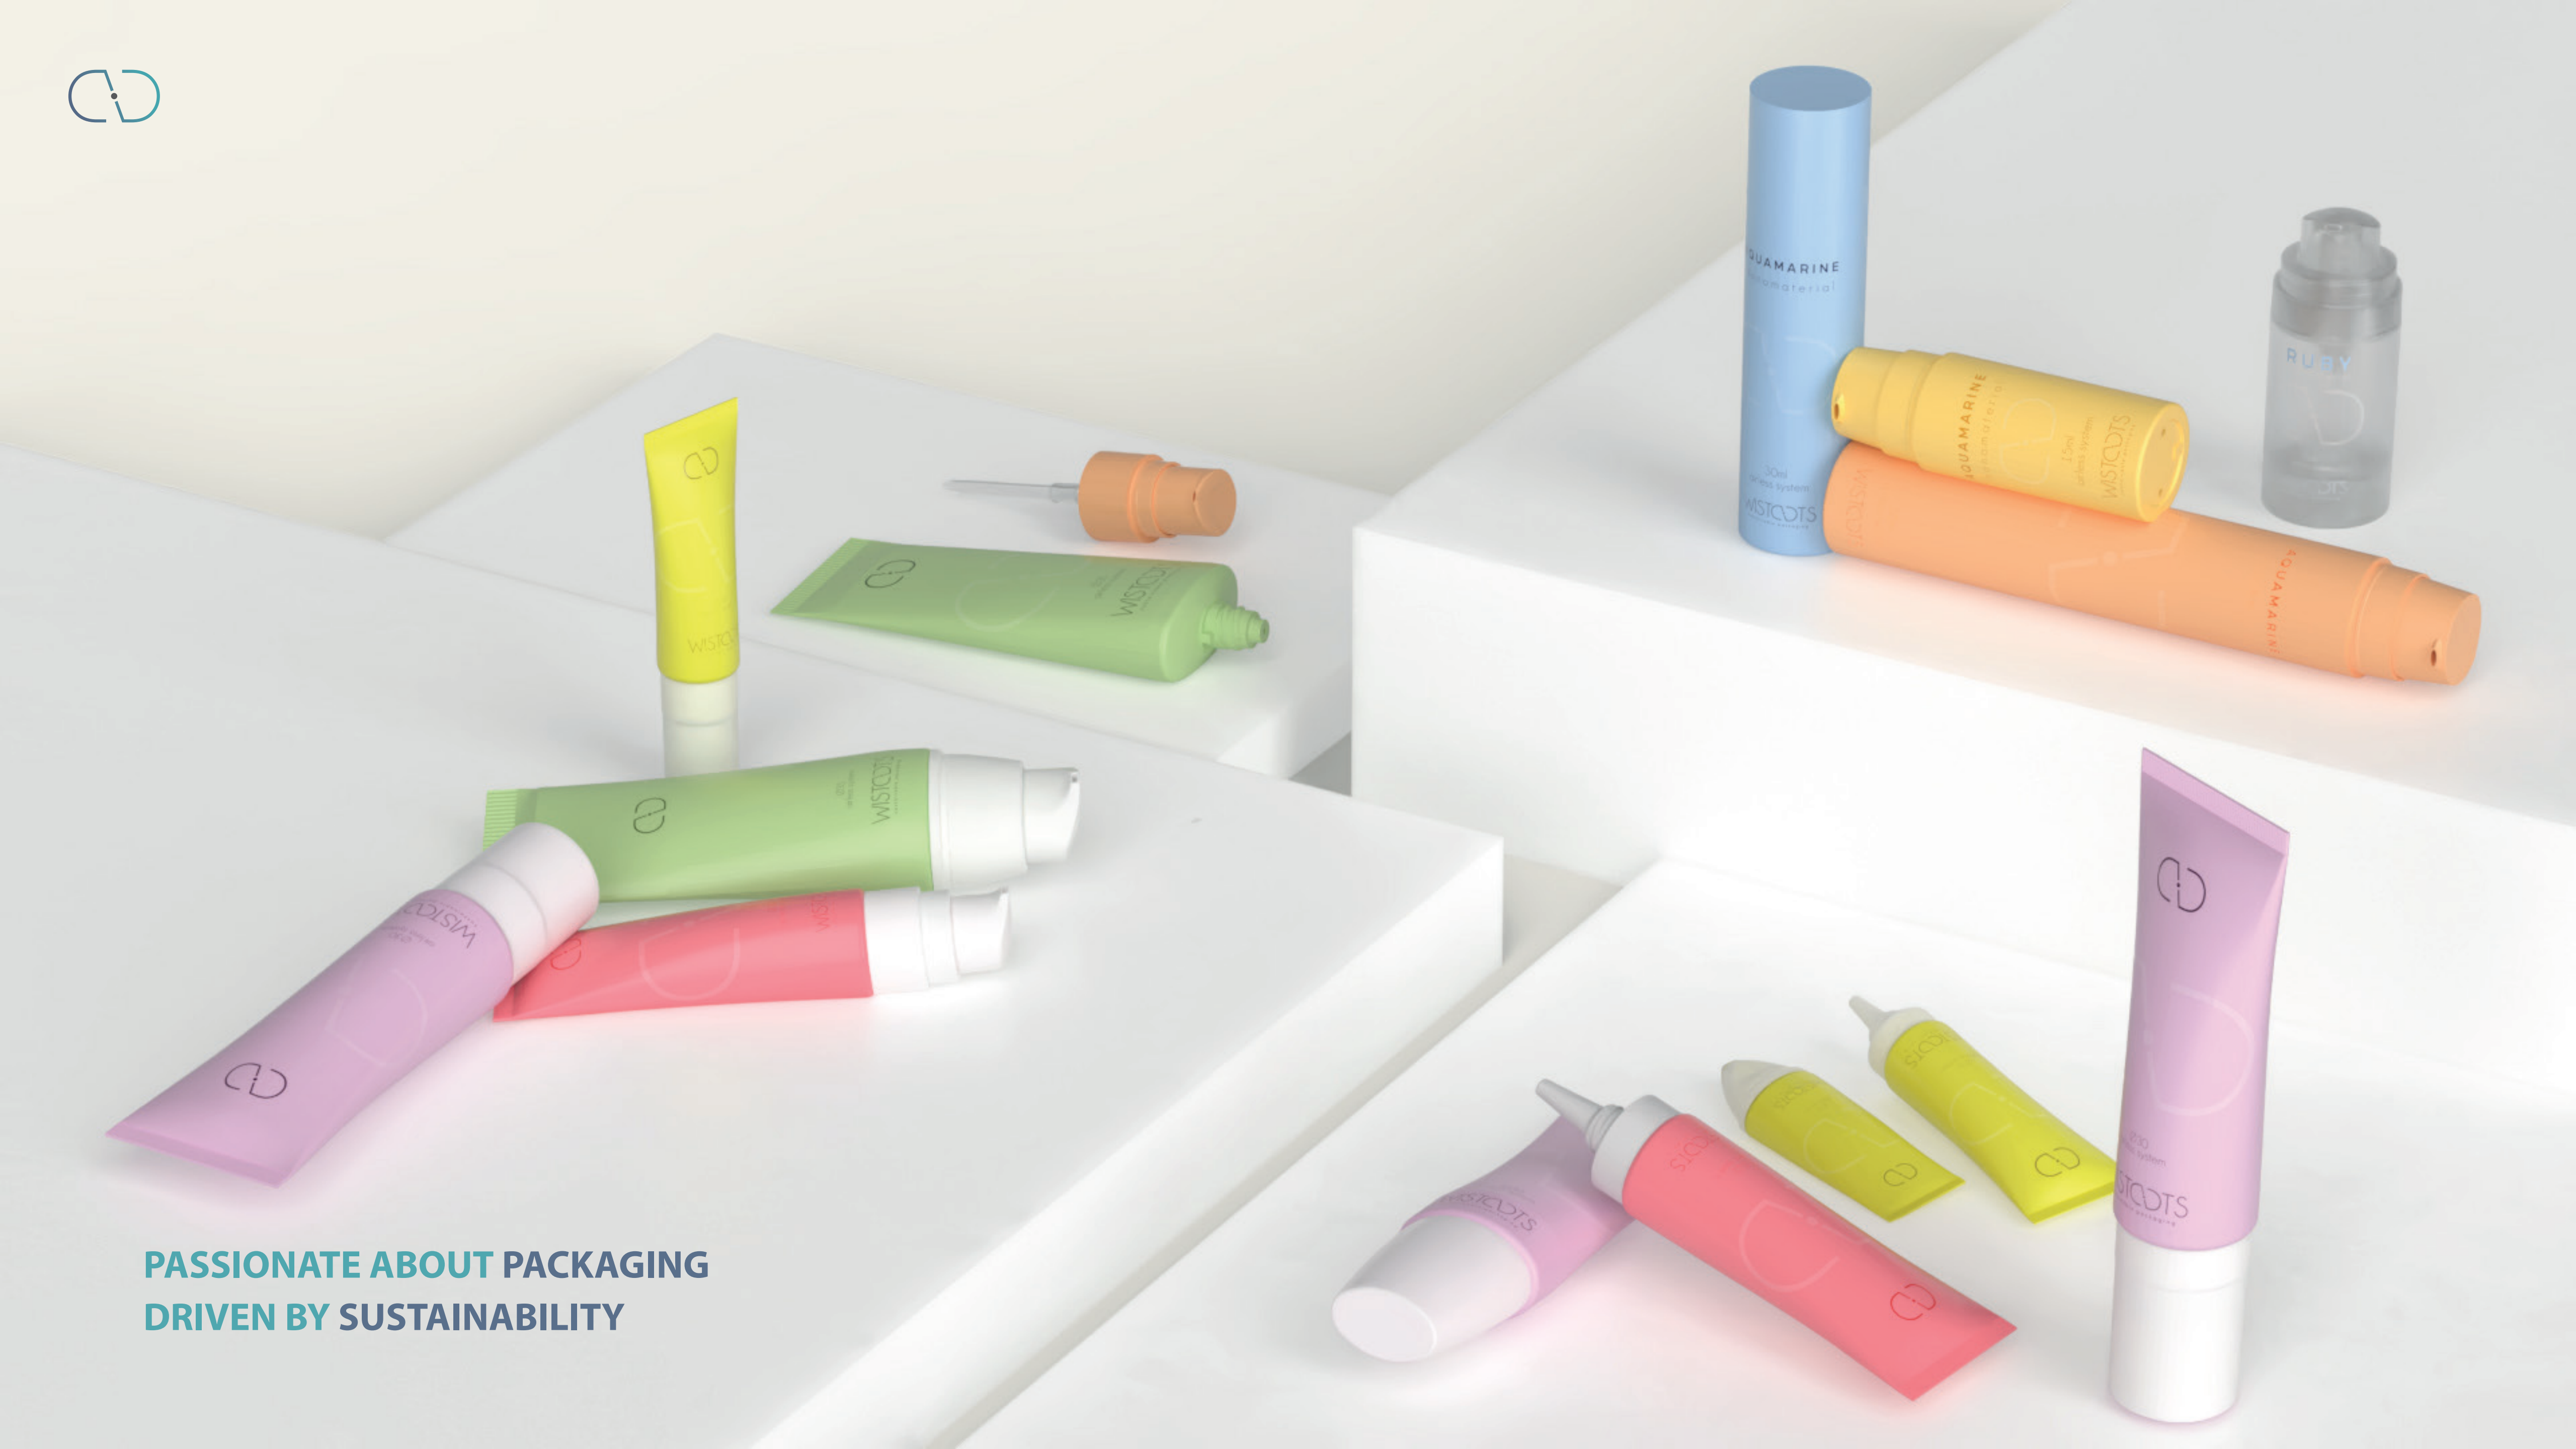

- 2 Sites: **LATAM & EUROPE**
- +25 years of market experience
- Vertically integrated production
- **IN HOUSE** manufacturing
- Supply flexibility and reduced lead times
- Global supply capacity

BRAZIL/EU

• SAGE®

- ✓ flow control
- ✓ drop dispenser
- ✓ viscosity versatility
- ✓ patented system

• PUMP

- ✓ microencapsulated formulas
- ✓ SPF >50 formulas
- ✓ precise dosing
- ✓ PE spring
- ✓ patented system

• 01

PRESERVATIVE-FREE & EFFICACY

- ✓ formulas with fewer preservatives
- ✓ natural and organic ingredients
- ✓ challenging active ingredients

• 02

PROTECTION & DURABILITY

- ✓ reduces the risk of oxidation
- ✓ prolongs shelf life
- ✓ prevents leaks and clogging

• 03

INTELLIGENT DESIGN

- ✓ lightweight
- ✓ mono-material
- ✓ eco-friendly
- ✓ high restitution rate
